# Timesheets & Project Management for Design Professionals

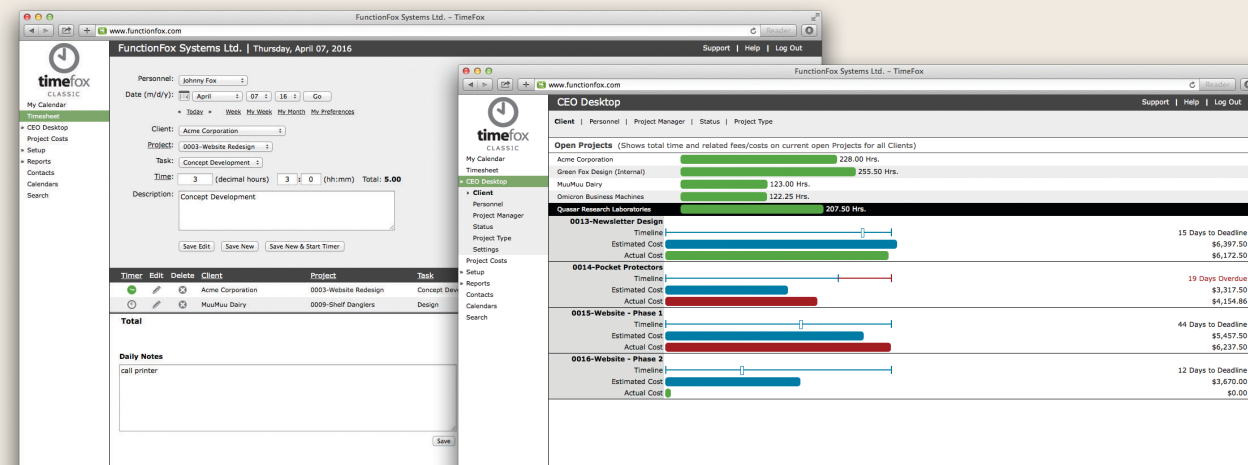

FunctionFox offers an affordable way to stay on top of essential activities - one that is simple to set up, easy-to-use, and effective.

**\$35** per month for 1 user  
(\$5/month for each additional user)

**The classic time & project tracking system used by thousands of creative professionals worldwide – perfect for small creative companies.**

- Stay on top of projects and pro-actively prevent scope creep.
- Increase your knowledge of the business inside and out without getting buried beneath it all.
- Allows you to look backward at what you have done in the past, be it two months ago or two minutes ago, in order to help move forward on a clear path.

With free customer support and low-cost pricing - it couldn't get much easier.

# Get Accurate Tracking of Projects from Concept to Completion

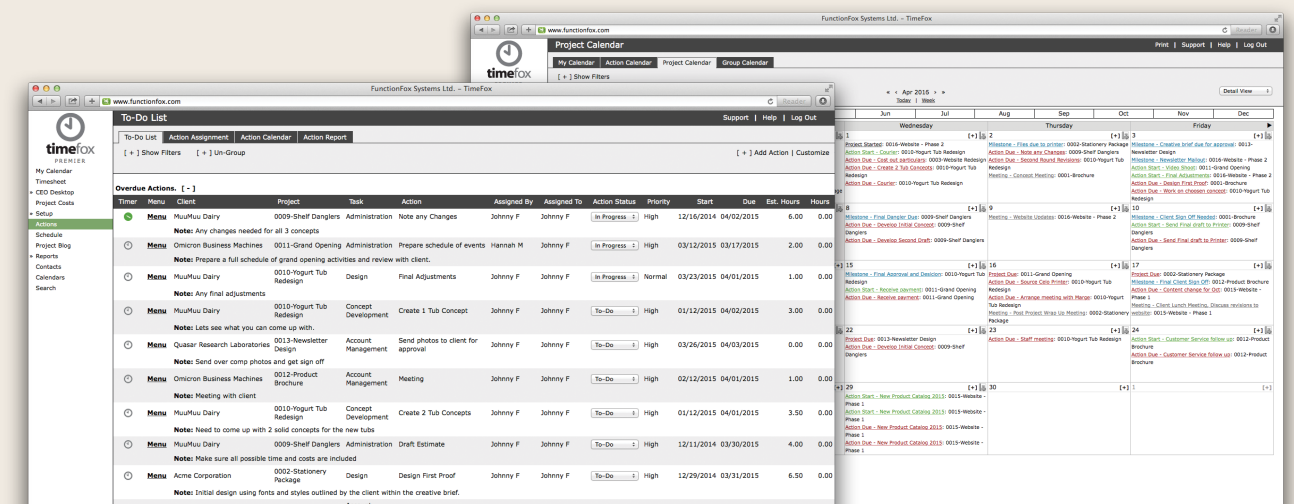

TimeFox is an online tool for tracking time and expenses, keeping to estimate, and managing clients and projects.

**\$50** per month for 1 user  
(\$10/month for each additional user)

**The premier time & project tracking system that includes additional task assignment & scheduling for firms seeking more advanced project management.**

- Easily and accurately track communication and progress from multiple people regarding multiple projects in a clear and simple manner.
- Keep your production schedules and efforts in line with estimates and budgets.
- Free up time from day to day tasks to focus on the details that grow the business.
